

How to search for Books in Library for Social Sciences

This is my first visit to the library...How do I search for a book?

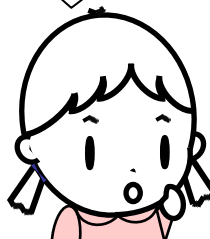

May I help you?

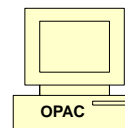

Information Desk

I'm looking for the book entitled "Fundamentals of urban economics".

Let's try to search for it using OPAC※!

※OPAC=Online Public Access Catalog

Enter one or more keywords into the search box and click "Search"!

Oh, I see! Then, where do I go to get these items?

Check "Call No." and see the floor map on the reverse side!

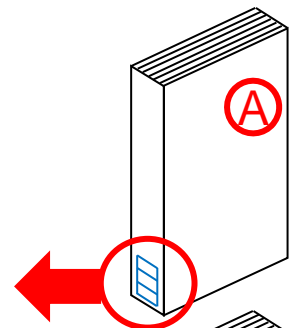

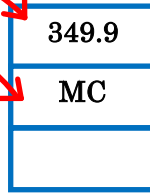

A call number is like an address: it identifies where the book is located in the library. Call numbers appear on the spine of books.

[Call NO.] 349.9-MC

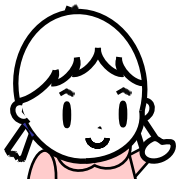

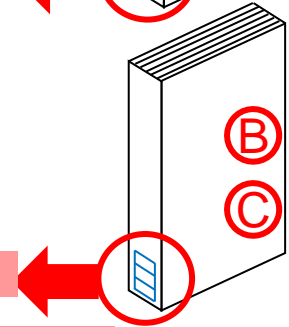

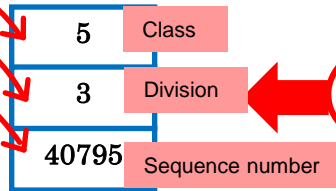

A call number that starts with more than triple digit indicates "New classification".

Library for Social Sciences uses two different call number systems, "New classification" and "Old classification".

[Call NO.] 5-3-40795

A call number that starts with single or double digit indicates "Old classification".
